PROFESSIONAL OBJECTIVE

Full Stack Developer with expertise in React, Node.js, ASP.NET C#, and Docker, aiming to leverage technical and interpersonal skills like problem-solving and collaboration to build scalable and efficient solutions.

SKILLS

- Technical: JavaScript, React, TypeScript, Material UI (MUI), ASP.NET C#, Node.js, Docker, Azure, Git, MySQL, CI/CD, API Integration, Microservices

- Soft Skills: Problem-Solving, Collaboration, Attention to Detail, Adaptability, Time Management

----

PROFESSIONAL EXPERIENCE

Full Stack Developer | Inova Sorocaba - Sorocaba Technology Park | Sorocaba, São Paulo

January 2023 - October 2024

- Developed full web applications using React, Node.js, and C#, applying problem-solving to optimize workflows.

- Collaborated with teams to configure CI/CD pipelines with Docker and GitHub Actions, reducing deployment time by 25%.

- Improved system efficiency by 20% through detailed optimization of front-end and back-end communication.

- Keywords: Full Stack Development, React, Node.js, C#, Docker, CI/CD, Azure, Git, Collaboration.

Full Stack Developer | Hightechx | Sorocaba, São Paulo

July 2023 - May 2024

- Built responsive interfaces with React and Material UI, integrating with C# back-ends with attention to detail.

- Enhanced page load speed by 15% through adaptable optimization strategies in React and APIs.

- Delivered scalable solutions supporting a 30% user increase, managing time effectively to meet deadlines.

- Keywords: React, Material UI, ASP.NET C#, APIs, Web Development, Scalability, Adaptability.

Front-end Developer | Epiousion | Remote
March 2025 – Jun 2025

- Crafted responsive and interactive web interfaces using React, JavaScript, and CSS, delivering features like sortable tables, dynamic dropdowns, and user-friendly forms to enhance client interaction.

- Integrated APIs to fetch and display real-time data, ensuring seamless connectivity and accurate rendering of dynamic content across applications.

- Enhanced front-end performance and accessibility by applying CSS best practices and React optimizations, ensuring cross-device compatibility and improved user satisfaction.

EDUCATION

Systems Analysis and Development | Unopar

2023 - 2025

- Focus on programming, software architecture, and system development.

CERTIFICATIONS

- Object-Oriented Programming in C# | Alura | 2024

- APIs with Node.js and Express | Alura | 2023

- Dev Immersion | Sorocaba Technology Park | 2023
